First Presbyterian Church strives to provide vibrant worship, respecting the wide array of safety concerns voiced by our members. In light of the increasing exposure risk in the pandemic, we prayerfully considered how to create an inclusive and safe environment.

The Session has decided that due to the increase in COVID-19 cases across the country and here in Dodge County, due in large part to the Omicron variant, are too great a risk at the moment. We need to do our part and help the hospital systems that are at capacity.

Therefore, everyone will be required to wear a mask regardless of vaccination status and fellowship will be suspended until February 7, 2022.

By requiring masks for all attendees, we hope everyone will continue to experience our church as a safe, healthy, and worshipful community. We ask that you join us in caring for and protecting those in our community who are more vulnerable.

If you are not comfortable wearing a mask, we will continue to provide worship online on the church's Facebook page and by DVD.
